Night-Visual Flight Rules Visibility and Distance from Clouds Minimums

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule; technical amendment.

SUMMARY: This action corrects an error which appeared in a final rule, published on July 19, 1990 (55 FR 29552), which restored paragraphs (c), (d), and (e) to § 91.155 of the Federal Aviation Regulations (FAR). This amendment corrects the language in paragraph (c) which inadvertently transposed language contained in another paragraph.

EFFECTIVE DATE: November 2, 1990.

SUPPLEMENTARY INFORMATION:

Background

On July 19, 1990, the FAA published a correction to Amendment No. 91-213 which restored paragraphs (c), (d), and (e) to § 91.155 (55 FR 29552). These paragraphs were inadvertently omitted from this section by a previous rulemaking.

The language contained in § 91.155(c) in the July 19, 1990, amendment inadvertently transposed a portion of the language contained in § 91.155(d). This action corrects that error and restores § 91.155(c) to its intended form.

Need for Immediate Adoption

This amendment corrects an error and restores an agency regulation to its intended version. Because this action is a technical amendment, I find that good cause exists for making the amendment effective in less than 30 days to eliminate the possibility of misinterpretation of the intent of published agency regulations.
